What, Lewistown to have a roller  
rink? Yes, skates have been ordered  
and will be here in about a week. But  
don't want to skate at once, for  
there will not be enough skates to go  
around. The craze for this most fas-  
cinating and exhilarating pastime is  
returning and Mr. Culver is going to  
open up a rink in the opera house.  
Watch for opening dates.

Tim Crowley, the dairyman, had a  
narrow escape from serious injury  
Saturday afternoon when he was at-  
tacked by a vicious bull. Mr. Crow-  
ley was walking among his cattle and  
failed to see the bull. Without any  
warning the animal rushed at him,  
knocked him down and would probab-  
ly have hurt him severely had not a  
hand employed on the ranch rushed  
up with a pitch fork and driven the  
bull away.

Deputy heriff Jack Williams, of Val-  
ley county, and who has been at lib-  
erty since he escaped with Hardee  
and others from the Glasgow jail last  
June has lately been in Lewistown.  
is disputed by the officers here. They  
say that no man answering Pierce's  
description has ever been seen in  
this city and they are inclined to  
class the report sent out from Glas-  
gow as a bit of clever space writing  
by the Tribune's correspondent at  
that place.

The register and receiver of the U.  
S. land office last Wednesday gave  
out their decision in the protest case  
of Lindsey vs. Swears, involving des-  
ert land entry No. 778. Theodore  
Lindsey filed affidavit of protest al-  
leging that Swears had failed to re-  
claim the land. That the annual  
proofs filed were fraudulent. That  
not over \$100 had been expended in  
the reclamation. That no ditch had  
been constructed upon the land and  
that there is no permanent water sup-  
ply to reclaim the land. The hearing  
was held on the 9th day of July. These  
facts were testified to by witness  
Lindsey, McFarland De Priest, Bork  
and Myers. On behalf of the claim-  
ant witness Hogeland, Swears, Caro-  
lus and Hamilton testified that when  
the reservoir was full, seventy-five  
inches of water would run through the  
box; that the coulee tapped by the  
ditch drains a large scope of coun-  
try and runs sufficient water to ir-  
rigate 160 acres of land; that they had  
seen the main ditch and laterals run-  
ning full of water. The register and  
receiver, therefore, decided that des-  
ert land entry should be canceled as  
to the ½ sw ¼, sec 21, and that the  
½ se ¼, sec 21, should remain intact.  
Surprenant is the sign writer.

The employees of the Montana rail-  
road have to stand a great deal of  
good-natured joshing on account of  
the delayed trains these days. Fred  
Sheldon, the genial station agent, has  
been the postoffice first of the  
week with some money orders on  
Harlowton. "How can I get the money  
on these?" he asked Postmaster  
Stephens. "If you want them in time  
for new year, you'd better send them  
around by Wilder," replied the man  
behind the postoffice. He was, without  
turning a hair. Fred hasn't yet seen  
the point to the joke.

Dr. Attix has returned and is pre-  
pared to promptly respond to all calls.

W. B. Cooley and wife came in from  
their ranch near Musselshell, yester-  
day and were registered at the Lew-  
istown hotel. Mr. Cooley states that  
stock is looking well in the lower  
country and that grass is better than  
at this time last year. It is not so  
plentiful but it is more nutritious and  
he thinks that cattle and sheep will  
go through the winter in good shape.  
Musselshell, he says, is growing. Fred  
Handel having recently erected some  
new store buildings. Business in the  
land office brought Mr. and Mrs. Cooley

J. E. Hensley, formerly agent of the  
Harlowton stage line in Lewistown,  
returned yesterday from a trip to Har-  
lowton. It is hardly necessary to  
state that he came overland. Mr.  
Hensley says that the mixed train  
which was due in Lewistown last Fri-  
day night (bringing the mail due Fri-  
day morning) was stalled in the snow  
a short distance this side of Harlow-  
ton and there it remained until Sun-  
day; the passenger train which left  
here Friday morning got through all  
right, but on its return from Harlow-  
ton was stalled in the snow in the  
Van Camp cut six miles this side of  
Two-Dot. The trouble, according to  
Mr. Hensley, is that the trains have  
been running through light snows  
without plows, just pushing the snow  
to the side and packing it; finally the  
cows were full and all being packed,  
thawed and frozen, it has been a very  
difficult matter to open the road.  
When he left Harlowton Sunday morn-  
ing no mail had reached there since  
Friday. He came to Moore and  
thence to Lewistown.

A special meeting of the city coun-  
cil was held Friday evening to discuss  
with D. W. Schrueth, the representa-  
tive of James Kennedy, the sewer con-  
tractor, of Devil's Lake, the situation  
brought about by the failure, thus far,  
to dispose of the \$10,000 bond issue  
voted for the purpose of laying the  
sewer and extending the water sys-  
tem. Kennedy has two or three car  
loads of material on the ground and  
is anxious to begin the work of put-  
ting in the sewer, but the council de-  
cided that the matter should be de-  
layed until the bonds were sold.  
Things are at a stand still now await-  
ing the reply of Judge Dillon as to the  
legality of the bonds. If it is favor-  
able Mr. Austin Warr stands ready to  
take the bonds. But in the event of  
an unfavorable reply the council  
thinks there will be no difficulty in  
disposing of the bonds and permitting  
the work on the sewer to proceed  
within a few days. The certified check  
for \$800 was returned to Mr. Schrueth  
when he gave a surety bond for \$5,  
000 that the work will be done ac-  
cording to contract.
